

FRLA/GCCF CLAIMS WEBINAR and BRIEFING SCHEDULE(S)

Attorneys from Weitz & Luxenberg, Levin Papantonio and Cooney & Conway will give an overview of the Gulf Coast Claims Facility claims process and litigation options to help you determine if you have a claim for loss as a result of the BP oil spill. Their presentation will include information about calculating loss, economic modeling they are undertaking for FRLA business losses and how you can become involved. You do not necessarily need to show a loss from last year to be eligible for compensation; any reduction in income you would have earned in this economic recovery year is compensable. And if you don't have a claim, you will have confirmation that you are not losing out on an opportunity to receive a claim. If you do have a claim, the law firms will assist you in presenting the claim.
