2. Each team will set a table for three guests with these required place settings: American Place Setting, Russian Place Setting and French Place Setting. Examples are attached.  10. After the first round, the top 8 teams will advance to a second round. The top 8 teams will then run the relay again. The teams' scores from the second round will determine the event winners.

WAITER'S RELAY

1. FIRST LEG:

The first team member must take the wrist coil key chain and proceed to the table linen and dish area. The team member must bring a tablecloth and the required dishes to the table they are setting. When the team member arrives at the new table, he/she must put the tablecloth on the table. The tablecloth must cover the entire table top and not touch the ground. The team member must place the dishes on the table according to their designated place setting. The team member will be responsible for putting all of the dishes on the table. Once the team member completes the task, he/she must go back to the start/finish line to hand off the wrist coil key chain to the second team member.

2. SECOND LEG:

The second team member must take the wrist coil key chain and proceed to the silverware and glassware area. The team member must deliver all of the necessary silverware and glassware to the table he/she is setting. The team member may make as many trips as necessary to collect all of the items. The team member must set the table exactly as the designated place settings require. Once the team member completes the task, he/she must

go back to the start/finish line to hand off the wrist coil key chain to the third team member.

3. THIRD LEG:

The third team member must take the wrist coil key chain and proceed to the napkin area. The team member must pick up three (3) napkins and bring them to the table he/she is setting. The team member must then proceed to fold one of each of the three napkin folds. The three required napkin folds are Bishop's Hat, Tulip, and Pinwheel. The team member may place each napkin at the place setting of his/her choice. Once the team member completes the task, he/she must cross the start/finish line. When the third team member crosses the finish line, the timer will record the time.
