

## New to the 8th Edition

The 8th edition has been revised so students at all experience levels will be successful in the course. Expanded content and examples help learners to better understand unfamiliar concepts. New online learning tools will enable students to master and retain the vast amount of information they are expected to know. Academic students using ServSafe Coursebook 8e are better supported than ever as they prepare to take the ServSafe Exam.

### ServSafe Coursebook Features

- Up-to-date thorough coverage of topics in the ServSafe exam including the latest FDA *Food Code* content
- Scenarios, case studies, and contemporary examples of food safety concerns throughout the text to engage students, prepare them for learning, and help them see real world implications
- A contextual framework for core topics to better support learners and help them understand the importance of each topic and how it all fits together
- **New to the 8th edition:** Knowledge checks added at end of each section designed to help students and instructors quickly assess understanding and retention of key concepts
- **New to the 8th edition: “In the Operation”** boxes in each chapter provide examples of real-world application of food safety content and combine related material from other areas within the chapter and book. **In the Operation** boxes cover equipment, roles, processes, and other foundational information about the workings of a restaurant and a professional kitchen
- End of chapter review questions and activities to assess student understanding and reflect upon areas where additional study is required

### Instructor Resource Package includes:

- Chapter Test Banks
- PowerPoints
- New Instructor Guide

Register as an instructor on ServSafe.com to access these materials and more instructor resources and activities; or request a common cartridge for integration of quizzes and PPTs into your school LMS.

## **New ServSafe Smart Study Modules**

Smart Study Modules are an adaptive learning program aligned with ServSafe Coursebook, 8th edition and powered by the Amplifire platform. This powerful tool is a personalized experience designed to help students master the material quickly and increase retention, better preparing them for the exam.

Based on cognitive science, ServSafe Smart Study quickly identifies the concepts learners don't know or are unsure of and focuses on those topics with additional assessment, prompts, and multimedia learning tools.

Robust reporting gives instructors visibility into individual and class progress and where students require additional support.

## **Additional Resources**
