ST. PETERSBURG**

PEER TO PEER CONVERSATIONS

A Growth Opportunity For Leaders

Management comes with its fair share of challenges. Whether it's making critical decisions, staying ahead of industry changes, or solving complex problems, leaders often find themselves navigating uncharted waters. In these moments, having a trusted group of peers to turn to can make all the difference. Having peer-to-peer conversations with people who understand the pressures and realities of running a business is invaluable.

Our expert industry panel will address relevant topics such as:

- *Current labor market*
 - *Recovery*
 - *Guest experience*
 - *How to create value*
 - *How to get the most from technology*
- and much more!*

After the panel discussion all attendees will break into round tables for peer-to-peer conversations. Please join the Pinellas Chapter for this innovative opportunity.

REGISTER ONLINE AT: <https://frlapeertopeer.eventbrite.com> • REGISTRATION DEADLINE: 11/3/25
